THIS CHRISTMAS  
WITH

RESTORE  
HOPE

CHRISTMAS GIFT GUIDE 2013

## GREETINGS!

These are exciting times of growth and change here at Restore Hope. Activities at the Hope Center continue to impact the lives of thousands. Meanwhile, we are charging into our fifth year with new projects such as the West Africa Medical Center and the Agape Academy to address dire health and education needs in Sierra Leone. At the same time, we are preparing for the future by refining our approach and strengthening our ability to bring lasting hope and health to our partner communities.

The gifts included here have been selected to help build capacity and create opportunity for families living in despair, young women living as “modern-day lepers”, orphans and widows. I pray that you would be challenged and inspired, literally moved with compassion, as you peruse this year’s catalog. There is perhaps no greater gift you could give this Christmas season than one that gives hope to the hopeless.

May you bless and be blessed this Christmas!

A handwritten signature in black ink that reads "Aaron Pierce". The signature is fluid and cursive.

Aaron Pierce  
Executive Director  
Restore Hope

## ABOUT RESTORE HOPE

Restore Hope is a Christian 501(c)(3) non-profit organization that aims to bring lasting hope and health to all people by initiating **sustainable** and **holistic community-based development** that results in transformed lives, social responsibility, reliable infrastructure, and increased capacity for continued development. For the past four years we have been working with communities in Sierra Leone, Niger and disaster-stricken Japan to address their social and economic challenges through a variety of programs and projects represented in this catalog. Reflecting a deep commitment to working in partnership, current project partners include GCPN/Kinexxus, First Baptist Church Arlington, West Africa Fistula Foundation, University of Texas - Arlington, University of Sierra Leone, Agape Development Initiatives and Pioneers. We invite you to join us in our work by giving, going and gathering others to the cause.

RESTORE  
HOPE

Our projects reach around the world. Look for these flags to see where your gifts will be put to use.

Sierra Leone

Japan

Niger

A good quality education that sharpens the mind, strengthens character, shapes the heart, and ignites innovation and creativity is one of the most basic building blocks of a vibrant and free society. Unfortunately, this type of education is inaccessible for people of all ages in many parts of the world. Restore Hope addresses this need by investing in primary and secondary education, adult literacy, and professional and vocational training aimed at creating new horizons for our partner communities.

**40%** Percentage of Sierra Leonean youth ages 15-24 who can't read or write.

## EDUCATION

### EDUCATIONAL TEXTBOOKS

Academic texts are rare and expensive in Sierra Leone. Help ensure that students have the basic resources they need to succeed.

\$10

### LITERACY & COMPUTER TRAINING

Literacy instructors at the Hope Center teach adult and computer literacy to open new doors for a community where the majority of adults are illiterate.

\$50

\$10

share

## ACADEMIC TUITION FUND

Tuition for one year for a student at one of our partner schools - Christ Standard Secondary School or Agape Academy - is an investment with unlimited potential.

\$75

## MICROSOFT OFFICE TRAINING

A complete 28-week, 7-module training on the Microsoft Office suite can equip one student at the Hope Center with valuable job skills.

\$95

## TEACHER FELLOWSHIP FUND

One year salary for a school teacher at Agape Academy can impact the lives of hundreds of children.

\$1,000

## WING, FLOOR OR CLASSROOM at AGAPE ACADEMY

Help build a new primary and secondary school that is devoted to academic excellence & character formation.

\$1,000

share

## SOLAR PANELS at AGAPE ACADEMY

Ensure sustainable, reliable energy that will support school computers and technology.

\$25,000

\$250

share

## BED SHEETS FOR 1 ORPHAN

Sweet dreams! Sleep tight! Every child at one of our partner orphan care facilities deserves a clean, comfortable place to rest their head.

\$5

## PROTEIN SUPPLY

Protein, in the form of fresh fish, will help the children in our partner orphan care facilities maintain a healthy diet.

\$5

for 1 orphan

\$130

for 26 orphans

## VITAMIN SUPPLEMENTS FOR 1 MONTH

Vitamin supplements help ensure that children at our partner orphan care facilities receive the proper nutrition for their growth and development.

\$10

## BOOKS FOR CHILDREN IN JAPAN

The earthquake and tsunami of 2011 displaced hundreds of thousands of Japanese families. A simple gift can bring joy and hope to the hearts of the children in these families.

\$15

## TOYS FOR CHILDREN IN JAPAN

Many families are still rebuilding their homes and their lives while grieving the loss of their loved ones. Provide a toy to a child in one of these families.

\$20

# YOUTH

## ORPHAN

### SPONSORSHIP

Just \$1.23 a day can provide nutrition, clothing, medical care, school supplies and tuition for an orphan. Encourage your sponsored child with personal letters and watch him or her achieve new heights!

## CAMP

### SCHOLARSHIP FUND

A fun character-building experience for disadvantaged kids at one of our partner facilities can go a long way to healing the wounds of war and poverty.

Christmas in particular reminds us that the innocence and promise of a child are both beautiful and fragile. Too many children are abused, abandoned, exploited, and left with little hope of shaping their own destinies. Restore Hope and its partners such as Love One Another, Hillman House, Orphan Caregivers Association, and 25Project provide assistance to some of the most vulnerable youth in its project locations including orphans, street children, and children affected by disasters. Your gift can help a child learn, grow, and hope for a bright future.

# 300,000

Number of Sierra Leonean population who are orphans

Strength and vitality are luxuries when you are simply struggling to survive. The communities we work with are vulnerable to tropical diseases, lack awareness of good nutrition and hygiene practices and lack access to basic healthcare. As a result, they are hamstrung by dramatic losses in school attendance, workforce productivity, and life itself. Restore Hope's investments in healthy communities include community health education, training of medical professionals, basic healthcare provision, and now plans for the construction of the West Africa Medical Center (WAMC), a first-class medical center in partnership with the West Africa Fistula Foundation which will open by providing life-changing fistula repair surgeries and training new medical professionals. Watch the video Yeabu's Homecoming at <http://vimeo.com/4390175> to learn more about this debilitating and potentially deadly, but treatable, pregnancy complication.

## HEALTH

### DENTAL TREATMENT

Dental care is dramatically lacking in Sierra Leone. The dental clinic at the Hope Center is staffed with just the eighth dentist in the country and two nurse practitioners.

\$5

### DENTAL CARE KIT

Many families do not have basic dental care supplies such as toothbrushes and toothpaste that can help prevent gum disease and tooth decay.

\$5

## MEDICINE

Whether for dental procedures or tropical diseases, these medicines can have a dramatic impact on the health and survival of our patients, especially children and the elderly.

\$5

## NEW DRESS FOR WAMC PATIENTS

The women treated at WAMC literally have a new lease on life as they can now be welcomed back into their communities and families. Help us send them home with a beautiful new dress to accompany their beaming smiles!

\$20

## 1 WEEK ROOM & BOARD FOR WAMC PATIENT

WAMC patients stay an average of 3-4 months as they prepare for and recover from their surgeries.

They receive encouragement and educational instruction during their stay.

\$50

## DOCTOR, NURSE AND MIDWIFE TRAINING

WAMC will address an alarming lack of trained medical professionals including doctors, nurses and midwives to help reduce the world's worst maternal and infant mortality rates. Your gift will support this training and residency program.

\$100

## 1 COMMUNITY HEALTH EDUCATION BINDER

These binders will be used to train community health educators who will teach good hygiene and nutrition to reduce the incidence of disease and malnutrition. A total of five binders are needed.

\$150

## HEALTH (continued)

47 years

Life expectancy in Sierra Leone, the lowest in the world, according to the World Health Organization.

### DOCTOR & NURSE PRACTITIONER RESIDENCY

WAMC will initially rely upon a cadre of rotating OB/GYN doctors and nurse practitioners to volunteer their services for anywhere from a couple of weeks to a few months at a time. Your gift will help fund their expenses for this vital service.

\$200

### GYNECOLOGICAL SURGERY at WAMC

The first phase of the West Africa Medical Center will provide fistula repair and gynecological surgeries that will create new opportunities for women and help reduce the world's worst maternal mortality rate.

\$1,000

### WARD AND EQUIPMENT FOR WAMC

Help build phase I of the West Africa Medical Center which will be approximately 50,000 ft<sup>2</sup> equipped with 50 beds, 4 operating rooms, and a laboratory in addition to guest quarters.

\$1,000

share

## YOU CAN GET INVOLVED WITH RESTORE HOPE!

Giving your time and talents could be a life-changing experience for you and our partner communities. If you're looking for a more hands-on way to help us bring hope and health to the world, contact us about the following service opportunities OR let us know your creative service ideas at [info@restorehopeproject.org](mailto:info@restorehopeproject.org).

- Visit a project location
- Host a fundraising dinner
- Sponsor an orphan
- Plan a new project
- Administrative support
- Volunteer at a fundraiser
- Marketing/social media
- Internship (college)
- Project videos/photos
- Work at an overseas project
- Publications (esp. graphics)
- Website design/maintenance
- Become a Restore Hope Champion
- Become an Agape Pen Pal

JOIN US WITH RESTORE HOPE  
AS WE FOLLOW WHERE GOD LEADS!

## HEATED BLANKETS

Disaster victims in Japan struggle to get through the winter without a heated blanket. You can warm their hearts and their beds with your gift.

\$20

## GRAIN BANK

Support the provision of grain through this sustainable model for communities in Niger that have suffered from persistent droughts followed by devastating floods that are destroying their crops.

\$40

## TRASH RECEPTACLES

Trash receptacles can be part of a waste management plan for the Jui community that will promote public health and social responsibility.

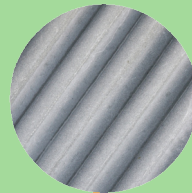

\$50

## PUBLIC LATRINES

Sewage in the streets can be a source of disease, especially diarrhea which is a leading killer of children in the developing world. Public latrines will provide a safe, sanitary location for sewage management and a potential source of income for the Jui community near the Hope Center.

\$100

## TARP AND ROOFING MATERIALS

Due to poor housing conditions, some of the widows of Grafton near the Hope Center are still vulnerable to inclement weather and disease. Your gift can literally put a roof over a family's head.

\$200

## COMMUNITY DEVELOPMENT INTERN SCHOLARSHIP

Help support internships for students from The Evangelical College of Theology, which is adjacent to the Hope Center, to assist with community development projects in the Freetown area.

\$250

semester

## COMMUNITY DEVELOPMENT

### WATER WELL

A properly built and maintained water well can ensure access to clean, life-sustaining water for several families in our partner communities.

\$3500

\$100

share

### WATER FILTRATION & PURIFICATION

Water filtration systems can provide clean water for an entire community of 10,000 or a single household. Help save thousands of lives by investing in these systems large and small.

COMMUNITY: Filtration      HOUSEHOLD: Filtration

\$20,000

\$35

\$200

Purification

share

\$20

The needs of many communities are wide-ranging including infrastructure development, public safety, crisis response and management, civic engagement, healthy institutions, waste management, and more. Restore

Hope takes a holistic approach with its partner communities helping them to identify

their challenges, resources and opportunities while connecting them with the resources and partners they need to realize their dreams. By building the capacity of local stakeholders to meet their needs, we are making an investment in the restoration of hope and opportunity among our partner communities.

Diarrhea, primarily caused by contaminated water sources, kills more children per year than malaria, AIDS and measles combined. (WHO) Only 50% of the population in Niger has access to a protected water source. (World Bank)

A community's ability to support life and prosper often hinges on the use of its human and natural resources. A family's income can determine whether or not children go to school, the sick get well, or a meal is cooked on any given day. You may know the proverb about teaching a man to fish, but what if he doesn't have a fishing pole or nobody in his village has one? Whether through skills development, value chain development, or start-up capital, Restore Hope invests in helping workers, small farmers and business owners get the resources they need to grow their local economies.

**75%** of the people living in extreme poverty (equivalent to \$1.25 or less per day) live in sub-Saharan Africa and South Asia.

## ECONOMIC DEVELOPMENT

### MORINGA SEEDS AND SEEDLINGS

Moringa seeds and seedlings can help begin a farming cooperative that will produce nutritious, life-saving plants and generate income for poor rural communities.

\$5

### MORINGA FARMER KITS

Farming tools are needed to supply the farming co-ops with the basic resources to begin operating their moringa farms.

\$25

## ENTREPRENEURIAL & JOB SKILLS TRAINING

Skills training helps build the capacity of WAMC patients, orphan caregivers, and Jui community members near the Hope Center to support themselves and their families.

\$50

## MICROLOAN OR STARTUP GRANT

Help an entrepreneur start a small business to support his/her family in a nation that suffers from massive unemployment.

\$50

## MORINGA PROCESSING EQUIPMENT

New and upgraded processing equipment is needed to prepare moringa products for domestic and international markets.

\$100

## FOUR GOATS

Goats are a valuable source of meat and milk in Africa. Your gift of a handful of goats (three female, one male) can help a partner farmer generate income and feed his family.

\$125

The moringa tree grows in tropical regions of the world and its leaves contain 7x vitamin C of an orange, 4x vitamin A of carrots, 4x calcium of milk, 3x potassium of bananas, 2x protein of yogurt. Common uses of moringa include tea, powder supplements, fertilizer, and water purification.

Every good organization needs good leadership and the resources to put its plans into action. We at Restore Hope are dreaming big because we are driven by the struggles faced by entire communities and the individuals and families of which they are comprised.

The reality is, how many lives can be changed by a computer class if you couldn't pay for electricity? Or what good is a hospital design if you can't pay a contractor to build it? You can help us expand our impact in our partner communities by making sure we can keep the lights on to host our programs and pay trustworthy, talented staff to plan and run those programs.

The entire industry of American human service organizations received about \$36 billion in contributions in 2010 equaling the combined profits of Walmart and AT&T that year.

## PROJECT ADMINISTRATION

### RETREAT FOR INDIGENOUS WORKERS AT THE HOPE CENTER

Help African ministers and community workers recharge at the Hope Center so they can continue their good work.

\$70

### CLIMATE CONTROL AT HOPE CENTER

New air conditioning units and generators can support the Hope Center's financial sustainability by attracting more volunteer teams.

SPECIFY

### HOPE CENTER OPERATIONS

The Hope Center houses a variety of capacity-building programs & serves as lodging for numerous camps and visiting volunteer teams. Your gift can sustain this base of operations and ensure its continued impact in Sierra Leone.

SPECIFY

### RESTORE HOPE ADMIN

Help sustain, improve, and expand the work of Restore Hope and ensure our impact by supporting Restore Hope staff.
